

Inventory Master for Creatio

March 2025. v1.0.0

Setup

After successful installation of application "Inventory Mater for Creatio", it is needed to "mark" which products are being tracked in your inventory, by checking "Track in inventory" checkbox on each product you would like to be tracked in Inventory:

iii Creatio 🕨 🛨	Q Search					aı	::	0 0 0
Q Search app < Sales -	← APPLE iPad Pro 11" I ◆ Add tag	4 Wi-Fi 16GB/2TB					👣 Feed	Close
Teed	Price 0.00	GENERAL INFORMATION	FEATURES PRICES AND	AVAILABILITY INVENTORY				
🗿 Leads	US D	Inventory + 2 : Q Inventory number	Employee	Serial number	Inventory status	Location	Start 👻	End_+ :
o Invoices	APPLE iPad Pro 11" M4 Wi-Fi 16GB/2TB Code	1 IN20250201 2 IN20230729	Max Mustermann John Doe	KI99RFKLW43 AMCFXFNJWU	In use	Homeoffice	3/24/2025	
Contracts	Enter product code Type Tablet							
Accounts	Category Hardware

The providence of the second s	VAT Track in inventory							
Crders	Inactive							
Documents								
Inventory								
Products								
Chat								

When you have a lot of items you would like to mark to be tracked in your Inventory, you can do this with help of standard Creatio "Excel import" functionality on Product section.

Products that are marked with "Track in inventory" flag will be available in Product lookup on Inventory section.

Inventory data

To enter Inventory data in Creatio you have several possibilities:

- 1. Enter data on Inventory section
- 2. Enter data on Product page by Inventory tab
- 3. Enter data on Contact page by Inventory tab
- 4. Excel import on Inventory section (for mass import)

Inventory historical data

You can track historically which changes happened with Inventory item, by Inventory history detail on Inventory page.

Changes are tracked historically when values are changed by any of following columns by Inventory item: Employee, Owner, Location, Inventory status.
