YouControl connector to Creatio

Content:

1. Installing the connector

2. <u>Connector settings</u>

2.1 <u>Entering the API-key in the Creatio system to obtain</u> general information about the Accounts

2.2 Entering the API-key into the Creatio system for receiving an express analysis and checking for communication with the aggressor of the counterparty

3. Using the connector

3.1 Filling out the page of the Accounts

3.2 Express analysis of the Accounts

3.3 <u>Checking the Accounts for communication with the</u> <u>aggressor</u>

4. Errors that may occur when installing the connector

1. Installing the connector

- 1. The user is logged in to the system Creatio
- 2. Go to "Settings"

3. Go to "Application Hub"

Expected result: the login page to the personal account Creatio opens

LOG IN TO YOUR ACCOUNT

BUSINESS EMAIL

Don't have an account?

SIGN UP

4. Fill in the fields and log in to the account

Expected result: The application center will open

- 5. Click on "+ New application"
- 6. Select "Install from File"
- 7. Click on "Choose file"
- 8. Select the required file from the PC

Expected result: the page displays "Installing the application This may take a few minutes" INSTALLING THE APPLICATION ON YOUR CREATIO ENVIRONMENT

If the application is installed, the inscription "DONE" appears on the page

9. Click on "Go to the application center"

Expected result: The application center opens, and the new application is displayed

10. Log in to the Creatio system

2. Connector settings

For the correct operation of the connector, you need to get API keys

Key YouControl key - API key for obtaining general information about the counterparty.

Key for express analysis YouControl - API key for Express analysis and verification of the organization's connection with the aggressor country.

To receive ARI-keys from the YouControl service, you need to contact the responsible manager of the company, who will provide the necessary advice and ARI-keys

Head of Development partnerships - Roman Gerbiy Phone(viber/telegram) - +38 067 905 84 93 Email:

- roman.gerbiy@youcontrol.com.ua

- support@youcontrol.com.ua

Information to be provided when applying:

- The company name

- EDRPOU

- e-mail of the contact person (to this e-mail will be sent messages about novelties in the API, as well as messages about changes or problems with registries)

- IP addresses for the whitelist.

Test keys

Pay attention! Keys have a limited number of attempts and a limited period. When they expire, the application will stop working and you will need to purchase paid keys.

You can get advice or test keys for Express Analysis and communication with the aggressor country (Russia, Belarus) from a YouControl employee *roman.gerbiy@youcontrol.com.ua* Or you can get test keys through the ready-made application form *https://youcontrol.com.ua/services/#services-api*

2.1. Entering the API-key in the Creatio system to obtain general information about the Accounts

1. Go to "Settings"

2. Click on "System Settings" in "System Setup"

3. Open "Key YouControl"

♀ Name Contains you ×	
Name	Code
Key for express analysis YouControl	BtcApiKeyExpressAnalysisYouControl
Key YouControl	BtcApiKeyYouControl

4. Enter the API key in the "Default value" field

1.	ćey YouContro сьоsе	bl		What can I do for you?	> Creatio 8.0.4.1870
