**Solution
Sales**

Striving to sell your solutions better?

For businesses that cultivate relationships, orchestrate teams, and deliver proposals for their B2C, B2B, and B2G solutions

1

Multiple Deal Types

Enable different sales methods for different deal types (i.e. new vs change vs renewal)

2

Blended Teams

Assemble and orchestrate pursuit teams from different divisions or companies

3

Assets & Approvals

Draft, approve, publish, track, and maintain your templates, references, and assets

4

Complex Relationships

Capture and maintain complex job histories and organizational affiliations

5

Organized Communications

Enjoy automated, consolidated, coordinated comms across email, web, text, voice

6

Seamless Transitions

Go from sales thru contracts and launch, then delivery and billing, both smoothly and surely
