Legislative Tracking

Seeking to monitor bills and policy better?

For teams striving to track bills and policy topics while also registering positions, sending updates, running polls, and publishing opinions

1

Bills and Policy

Track bills through their lifecycles via automated feeds with ability to add policy topics as well

2

Positions and Polls

Capture positions of your stakeholders on bills / policy with ability to conduct your own polls

3

Chambers and Agencies

Leverage the pre-loaded structure of your own jurisdictions, legislatures, and agencies

4

Automations and Alerts

Send updates to stakeholders at key moments for a legislative bill or public question

5

Documents and Approvals

Draft, approve, and publish your releases and papers via workflow and alerts

6

Constituents, Clients, Donors

Use the core CRM app for both interaction with and service to your key stakeholders
